

SUPPORT THE EITC IN 2015!

Organizational Sign-On

Despite recent economic trends, not all Colorado families are feeling the recovery from the Great Recession. Many hardworking Colorado families are still struggling to make ends meet. That's why the Colorado Earned Income Tax Credit (EITC) is more important than ever. The EITC puts cash in the pockets of Colorado working families. It's an investment in Colorado that encourages and rewards work while helping to offset the impact of stagnant wages.

We need to ensure that hardworking Colorado families receive the EITC in 2015! House Bill 15-1195 guarantees a permanent Earned Income Tax Credit this year. Support the EITC in 2015!

Yes! We support EITC in 2015, please list our name on sign on materials!

Name: _____

Organization: _____

Date: _____
